

FHIS Autumn term 1– Printing

Please see below the Autumn Art and Design Knowledge Organiser.

This is the key knowledge and information that they children will need to know about during this term’s Learning Adventure.

FHIS Knowledge Organiser		KS1	Inside and Outside/Waste Warriors	Printing
Key Knowledge and vocabulary			Important Facts	
Key techniques	Year 1	Year 2	Printing- Autumn 1	
Printing	Printing is transferring a picture, words or digital image from one place to another using ink, pencil or other medium.		Year 1- Andy Warhol 	
Pattern	Year 1 <ul style="list-style-type: none"> A pattern can be regular or irregular Patterns can be natural and man-made e.g. animal patterns A pattern is a repeated decorative design A repeated pattern is copying the same sequence or colour or object that has already been done to create a design Contrasting colours can create dramatic images. 	<ul style="list-style-type: none"> A printed pattern is created with a wood block or shape that is repeated. A painted pattern is created by hand. Patterns can be created using lines and shapes. A pattern can be repeated, rotated or reversed. A tessellation is an arrangement of shapes close together in a repeated pattern, without gaps or overlapping A repeated pattern is a repeated design or sequence which creates a pattern A pattern is created by repeating lines, shapes, tones, or colours Pattern can exist in nature and can be made by artists to design all sorts of art, craft and design 	Year 2- Yayoi Kusama 	
Etching	<ul style="list-style-type: none"> Etching is a printing process created by scratching lines onto a plate, applying ink and then paper Etching tools can be used to create patterns by scratching into a surface Ink is applied to an etching to create a print. 	<ul style="list-style-type: none"> Scoring means to gently scratch or cut into a surface 	<ul style="list-style-type: none"> Use observational skills to identify repeating patterns in our world Use and experiment with printing patterns using objects. Use different mediums to create pattern eg paint, crayon, pen Use tools to create patterns eg sponge, leaves, rollers, rubbings To design their own printing block To create a repeating pattern Develop impressed images using foods ie potatoes with shapes cut into them Relief prints using foam printing blocks Create patterns 	
Pop Art	<ul style="list-style-type: none"> An optical illusion is an image that tricks your eyes and brain to see something different from the actual image Pop art is another form of optical illusion art Pop art is a simple style using bright colours and everyday objects repeated Andy Warhol was a famous American artist who created iconic portraits of famous people using bright colours. He was well known for his Pop Art 		Tools and resources Natural materials Paints Ink Printing tiles Scoring tools Etching plates Different objects to create prints e.g cotton buds	
Motif	<ul style="list-style-type: none"> A motif can be created by repeating 1 type of pattern. A motif is a small design which can be repeated to make a pattern			
History of Art		<ul style="list-style-type: none"> The first printing press was invented by Johannes Gutenberg. This was a machine built to print words and pictures. Yayoi Kusama is one of the most famous pattern artists alive today. She is from Japan. Kusama uses polka dots to create the illusion that the image is three-dimensional (having depth, width, and height) 		
Mono Print		<ul style="list-style-type: none"> The monoprint is a form of printmaking where the image can only be made once, unlike most printmaking which allows for multiple originals. The colour used to create monoprints is usually water-based ink. A roller is used to apply the ink evenly over the a printing sheet. This is usually an acrylic sheet or other washable flat surfaces. 		
Colour		<ul style="list-style-type: none"> Colour can be used to depict mood. 		
Over printing		<ul style="list-style-type: none"> Overprinting is the process of printing over the top off another print 		

FHIS Autumn term 1– Printing
