

Summer term: Year 1

English

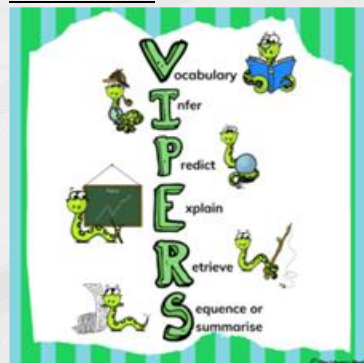

We will be exploring the text 'The Queen's hat' within our writing focusing on the use of 'Nouns' using plurals -s and -es suffixes. We will continue to use conjunctions within our writing. The children will focus on being able to re-read what they have written to ensure it makes sense.

We will then move onto our persuasive leaflet focusing on 'Ice planet' focusing on using adjectives and sentence composition.

We are reading...

VIPERS:

Maths

In Maths we will be learning about mass and capacity. We will begin to use and understand mathematical vocabulary such as heavier, lighter, measure and mass. We will compare mass and measure the capacity of objects. We will also be learning how to count in 2s and 5s and begin to look at multiplication and division.

Science

In science we will be learning about the human body. We will be able to name and label the basic parts of the human body. We will learn which parts of the body are associated with each of our senses. We will also carry out an investigation using our senses to help us.

Phonics

We continue to do our daily phonics for children in Year 1 with a particular focus on set 3 sounds and increasing the pace of our reading. Children will receive and bring home their phonics reader, bookbag book and pleasure for reading book from the library.

Fred talk to read

Geography

In Geography we will be learning about the UK and London. We will learn the capital cities and be able to label these. We will also learn about London's landmarks and begin to be able to identify, construct and describe them.

Art

This term in Art we will be exploring 'paint'. We will learn about tone, texture and the use of colour washes. Year 1, will look at the work of Van Gough and how he used distinctive lines and colours to create his portraits. We will learn about the colour wheel and that different shades of secondary colours, such as green, can be made by mixing different amounts of primary colours together.

Computing

We will be introduced to early programming concepts. We will use Beebots to explore using individual commands. We will identify what each Beebot command does and use that knowledge to start predicting the outcome of programs. We will be also be introduced to the early stages of program design through algorithms.

PSHE

This term we will be looking at 'What keeps our body's healthy'. We will learn how to keep clean, and begin to understand how and why we grow. We will also look at how to keep ourselves safe at home and understand the importance of asking for help when we need it.

Spelling

Please practise these words at home: We are practising using our Fred fingers and Fred talk across all of our writing and spelling.

Alternative spelling for 'air' 'are' 'ear'

Hair Pram
